

Thank you for starting it all. Thank you for Mr Mump and Blue Finger Lou. Thank you for Peer Gynt's talking trees and Salon de Bouff's fabulous gays. Thank you for Guantanamera and Dream a Little Dream. Thank you for giving us a stage on a cold wet saturday morning, where we could laugh, cry, argue, step on each other's toes, and spend time with like-minded individuals. I hope you had as much fun making these stories as we did. Many happy returns!
