

*I was part of the Drama Studio for 10 years, and it really was some of the best times of my life. It speaks volumes that when all other things fell by the wayside as we became teenagers, I never wanted to miss a single Saturday morning at Viewforth Parish Church!! My best memories involve playing a Welsh Cinderella and running around with one shoe and singing "(He) Just Can't Wait To Be King", learning to do a bridge while practicing the dance for Peer Gynt, my first ever play with Saturday drama playing a boy because Steven Turner couldn't make it, and I will never forget my first real line "She was Louisa Jane Star, known to her friends as Blue Fingered Lou expertise on the piano, and other things requiring swiftness of hand, but not quite so lawful"*

*Thank you for all the brilliant memories.*

*All my love,*
