

*I'd be honored if I could say a few words as some of my favourite childhood memories are with the Drama Studio 20 years? Wow! So proud to have been a part of such a successful, and talented group of people! When I think back to my time at the Drama Studio I think of nothing but fond memories! I'll never forget improvising my own lines during the play "the giant jam sandwich" when I was about 6, coming out with "this tastes hellish" in the middle of a Church! The looks on those Grannies faces! Or the time I played Cruella De Vil complete with dress and gloves! And who could forget the western hit "Sweet Revenge?" Oh what a laugh we had! Without the drama studio I know I wouldn't be where I am now, training for the professional industry, so I just want to say a massive thank you to both Julie and Louise for helping me to pursue my dreams and encouraging my craziness!*

*Lots of love!*
