

*I've been meaning to do this for a while, just didn't quite know what to say. It's hard to sum up 12 years!*

*Quite simply the Drama studio was one of the best parts of my childhood! When I look back on my time there I have a million and one memories. Kat and I can still send each other into tears of laughter talking about different things that happened at drama (Susan, ssshhhh!). I was never the most confident person but the Drama Studio definitely brought me out of my shell! Congratulations on 20 years of the Drama Studio Julie! I for one am unbelievably glad you started it all those years ago!!*
