

*I was in primary 3 and all I wanted to do was go outside and play football, until I was convinced to go to the drama studio for a class. That one class was followed by over 7 years of essential experience, provided by you and others within the drama studio. For this I am very grateful and say thank you! The shows are still fresh in my mind, whether it was singing, dancing, comedy or tragedy! My desire to work in this crazy industry is stronger than ever, and I'm delighted I can say it started on a high note! I am thankful for what the drama studio has given me and wish it even more success*
