

*I remember the Drama Studio like it was yesterday, Tuesday's at Fairmilehead Church to which I was introduced by a friend and so I took an interest in acting and getting involved with plays/shows. I remember my first play was in a twist play with Oliver and Annie staying in the same orphanage.*

*I then became interested in improvising and comedy which lead to script writing sessions and singing and dancing.*

*Next thing I was with the Saturday group at Viewforth rehearsing for a shows which were to be performed at Adam House.*

*I really enjoyed my time with the drama studio and it gave me a lot of confidence in performing which I then took on with music and now have a Music degree and regularly play gigs/shows and have even toured round Scotland with.*

*All the best*
